

SUMMER READING Read with Me

Welcome to Every Hero Has a Story Summer Reading Program Read With Me

Now that you've registered, here's what you do next.

1. Download a log sheet. You will see that it has 2 columns.
 - The first column is for books read. Each time you read a book to your child write the title on the log. Even if you read a book for several days, you will record it only once. For each book that you record, your child will earn a sticker to decorate his/her folder.
 - The second column is for marking shared activities. These activities are identified on a color handout that is available at the Children's Desk. For each activity that you complete and list, your child will earn 1 book buck. Save your bucks to buy prizes.
2. You may start bringing your logs to the library on June 29th. A log does not have to be completed when you bring it in. It may have only one title or activity listed. We encourage as many titles and activities as possible.
3. The librarian will put your child's log in a folder with her or his name on it. The folder will stay in the library. You will then receive a ticket to the opening program (see note below). Your child will also get a special "members only" window cling to decorate the children's room and a book bag with some small gifts.
4. After a librarian has seen your log, download a new one. Keep reading, recording, and earning book bucks and stickers.
5. The last day to turn in your log is Friday, August 7.

Important

- Bring in your first log before July 7 to get a ticket to see The Magic of Amore – July 7 at 7pm.
- Check the newsletter to see all the fun programs that we are having – don't forget to register if you want to attend. (www.westnyacklib.org)
