

SUMMER READING

Independent Readers

Welcome to Every Hero Has a Story Summer Reading Program Independent Readers

Now that you've registered, here's what you do next.

1. Download a log sheet. You will see that it has 2 columns.
 - The first column is for recording the date each time you read (we hope that you will choose to read often). For each date that you record you will earn a book buck. These can be used to buy prizes.
 - The second column is for writing the titles of the books you have read. Even if you read a book over the course of several days, you will write that title only once. For each title you read you will get a sticker.
2. You may start bringing your logs to the library on June 29th. A log does not have to be completed when you bring it in. It may have only one title or date listed.
3. The librarian will put your log in a folder with your name on it. The folder will stay in the library. You will then receive a ticket to the opening program (see note below). You will also get a special "members only" window cling to decorate the children's room and a book bag with some small gifts.
4. After a librarian has seen your log, download a new one. Keep reading, recording, and earning book bucks and stickers.
5. The last day to turn in your log is Friday, August 7.

Important

- Bring in your first log before July 7 to get a ticket to see The Magic of Amore – July 7 at 7pm.
- Check the newsletter to see all the fun programs that we are having – don't forget to register if you want to attend. (www.westnyacklib.org)
