## Stream vs. Download & Devices

All the magazines offered on Zinio are available via streaming meaning you need to be connected to the internet to use them but they do not take up any space.

You can download copies onto your mobile device using the "Zinio for Libraries" app available for FREE for your Android, Apple and Kindle Fire devices. Make sure to download "Zinio for Libraries" and NOT "Zinio."

To download issues, all you have to do is select the issue from My Collection and tap the cover for it download. Once the download is complete, you can disconnect from the internet and take it on the go!
