

# Explora

Explora is an eresource run by EBSCO that offers helps for students, teachers and parents when it comes to researching and learning. The three versions of Explora that you have access to are Explora: Canada, Explora: Educator's Edition and Explora: Primary. All three sites function the same but offer different features and run searches using different databases.

You can create an account to save the articles that you find useful and come back to them later. You only have to create one EBSCO account and it will work on EBSCOhost for database searches AND on Explora websites.

## Explora: Canada

## Your Account

If you create an account, you can save your articles, books and other resources you find as well as specific searches, organize all your resources into customized folders and save alerts.

1. Select "Sign In" from the top right
2. Select "Create a new Account"
3. Fill out the form
4. Select "Save Changes"

You don't have to create a new account each time you go onto an Explora or EBSCO website. Once you have an account created, it will work on all EBSCO run sites.

## Teacher & Educator's

In addition to Explora: Educator's Edition, there is also the "Curriculum Standards" button on the top left toolbar on Explora: Canada and Explora: Primary. This button will allow you to see what your provincial and subject requirements are.

1. Select "Curriculum Standards"
2. Select the "Province" menu and select "Canadian-Western and Northern Canadian Protocol"
3. Select your province from the "Standard" menu
4. Select your subject from the "Subject" menu
5. Select the year of the curriculum from the "Year" menu
6. Select the grade from the "Grade" menu
7. to the right of the menus a tab will appear. Select the "+" sign to expand it
8. There will be subcategories which you can get further information on by selecting the "+" sign beside it.

## Questions?

Select the "Help" tab from the top right

## EBSCO Research Resources

For students, teachers and parents
