Life Stories

Join us for this educational and inspirational program where we hear stories from local people whose lives were changed by organ/tissue donation. Learn about the local organizations working to save lives and provide comfort. Free and open to the public. In recognition of Donate Life Month, the City of Jacksonville has partnered with Community Hospice, Donate Life Florida, Jacksonville Transplant Alliance, Katie Caples Foundation, LifeNet Health, LifeQuest Organ Recovery Services, Lions Eye Institute for Transplant and Research, and RTI Donor Services to bring this program to the public.
