

# Are you Ready? (for Solar Eclipse 2017!)

On August 21, 2017, a total eclipse of the Sun will be visible in the continental United States for the first time in almost 40 years.

Join us at the Mattapoisett Free Public Library  
on Tuesday, July 25th,  
from 2-3pm  
for a family program about the eclipse.

Roger Menard, a member of the Astronomical Society of Southern New England, will be at the library to present a brief video, slides and an interactive demonstration of how the eclipse occurs. He'll answer questions about how the eclipse will look for us here and how best to view the eclipse safely.

Attend the program and receive a  
FREE pair of eclipse safety glasses!

Please register at the library.
