Readers fall in love with Nimona, the quirky, spirited, strong female villain, even as she's planning attacks on cities with genetically modified dragons.

Check me out I'm **BIG AND BOLD**

These illustrations convey ideas visually in a simple manner easily understood by young children. The contrast between bright colors and bold lines makes the pictures easily visible from a distance, even within a large group (and thus these books are a great choice for storytime!)

PICK ME I'M COURAGEOUS

Trapped on Mars, courageous Mark Watney keeps readers on the edge of our seats, but it's his snarky sense of humor that makes him relatable.
