

DOG BITE PREVENTION

Tuesday, July 17 at 7:00 p.m.

Lauren Van Duzer of Happy Hounds and Beyond, LLC will help you understand:

- Why dogs act the way they do
- What it means when they yawn or shake their body
- Why all tail wags are not equal

You'll also learn how to greet new dogs appropriately and how to teach your dog to say hello, kindly! All of these things will increase the safety of people and dogs by preventing dog bites.

No registration required. Please note that dogs will not be in this program.
