READING MAP

WHAT'S A READING MAP?

Reading maps are suggested reading brochures which open up the world of a book for its reader. A reading map diagrams the internal life of the book, allowing readers to inhabit the text and its outward connections.

Reading maps enable readers to follow threads of interest stemming from any particular part of the work, encouraging them to read further about these interesting parts.

ABOUT THE AUTHOR

Liane Moriarty was born in Australia and is the author of six internationally best-selling novels including *Three Wishes*, *The Last Anniversary*, *What Alice Forgot*, and the New York Times bestseller, *Big Little Lies*.

With the launch of this novel, which has sold over one million copies in the US alone, Moriarty became the first Australian author to have a novel debut at number one on the New York Times bestseller list. It's been adapted into an HBO series with the same name, featuring Nicole Kidman, Reese Witherspoon and Shailene Woodley in the three lead roles.

She lives in Sydney with her husband, son and daughter.
