Getting Started with iPhone and iPad
Wednesday, September 5th 2-3 pm

Have you purchased or received a new iPhone or iPad, but are not sure how to fully use it? Have you had your device for a while but have been hesitant to use it because it seems overwhelming? This class will help. Bringing your own device is encouraged but not required.

Getting Started with Android Phones and Tablets
Wednesday, September 12th 2-3 pm

Have you purchased or received a new Android phone or tablet, but are not sure how to fully use it? Have you had your device for a while but it seems overwhelming? Learn the basics in this class. Bringing your own device is encouraged but not required.

## Getting Started with Windows 10
Wednesday, September 26th 2-3 pm

Have you recently upgraded to Windows 10 and are feeling lost with the new interface? Maybe you feel comfortable but want to know how you can utilize more of Windows 10's features? Take Windows 10 for a test drive in this class.

Backing up Your Data 101
Thursday, September 13th 6:30-7:30 pm

Worried about losing your data? Join us to learn how to back up your data using physical storage devices, such as USB drives and external hard drives, as well as cloud-based services such as Google Drive and OneDrive.
