Millbrae Library Science Action Club for 6th-8th graders

Starts Thursday, 9/20 4:00-5:00 and runs every Thursday through 12/13

Designed by the California Academy of Sciences, Science Action Club is a nationwide STEM program for middle school youth in out-of-school time. Through games, projects, and hands-on activities, youth in SAC use citizen science to explore nature, connect with scientists, and design strategies to protect our planet.

We're going to meet at Millbrae library **every Thursday from 9/20 to 12/13 (excluding 11/22)** for Bird Scouts. We ask that youth try their best to attend as many sessions as they can. In Bird Scouts we will explore feathers, flight, and all the features that make birds unique.
